PERSONAL ANNOUNCEMENT

Mr. JACKSON of California. Mr. Speaker, on roll call 178 I had a pair with the gentleman from California, Mr. MILLER. I voted "no." Had he been present, he would have voted "aye." Therefore, I withdraw my vote and answer "present."

Mr. Speaker, on roll call No. 179 the same situation prevails, and I withdraw my vote and answer "present."

REORGANIZATION PLANS NO. 24 AND NO. 27

Mr. RIEHLMAN. Mr. Speaker, I ask unanimous consent that the minority members of the Committee on Expenditures in the Executive Departments may have until midnight Saturday, the 24th of June, to file minority views on Reorganization Plan No. 24 and Reorganization Plan No. 27.

The SPEAKER. Is there objection to the request of the gentleman from New York?

There was no objection.

GOVERNMENT STORAGE OF DRIED EGGS

Mr. HESELTON. Mr. Speaker, I ask unanimous consent to extend my remarks at this point in the Record.

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

Mr. HESELTON. Mr. Speaker, the Federal Government had in storage on April 30, 1950, 88,444,915 pounds of dried eggs; \$919,345.07 is shown as a loss incurred on this item between July 1, 1949, and April 30, 1950. I have not been able yet to obtain any report from the Department of Agriculture as to how much of that loss is due to spoilage or destruction. But it is significant that the Department reports 68,839,013 pounds were purchased in 1949 and it has cost the taxpayers \$1,970,458.13 to keep them in storage. It is even more significant that 28,446,183 pounds were purchased back in 1948 and the taxpayers' money has been wasted for storing them in the amount of \$1,083,286.37.

Considered from the point of view of the use of this money in paying transportation charges to make this food available to people who could and would eat it, the obstinate refusal to do this is tragic. That amount of money would have paid for the transportation from Atchison, Kans., to New York of 174,493,902 pounds of dried eggs or almost double the amount hoarded by the Federal Government on April 30.

It is difficult to obtain, and even more difficult to analyze, the factual information as to this program. But I am confident that in the end the truth will become public and the American people will demand action. In the meantime, those who are opposing any action must be ready to accept full responsibility for the results. It is particularly difficult to understand the reason for opposition from those who profess to be interested in a sound agricultural program.

CONDUCT OF FEDERAL COMMUNICATIONS COMMISSION

Mr. RODINO. Mr. Speaker, I ask unanimous consent to address the House for 1 minute and revise and extend my remarks.

The SPEAKER. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. RODINO. Mr. Speaker, I would like to direct your attention to the remarks of Hon. STEPHEN YOUNG, of Ohio, under date of June 6, 1950; of Hon. ANTHONY TAURIELLO, of New York, under date of May 3, 1950; and of Hon. HUGH ADDONIZIO, of New Jersey, under date of June 15, 1950, with reference to the Federal Communications Commission in its present attempt to not renew the licenses of radio stations WJR, of Detroit; WGAR, of Cleveland; and KMPC, of Los Angeles. Each of these gentlemen stressed the conduct of the Federal Communications Commission in these present proceedings, with particular reference to the fact that it used—as its star witness—a man by the name of Clete Roberts who, while under oath, took a scurrilous and defamatory position against all Italians of the southern part of Italy.

As these gentlemen have pointed out, Mr. Speaker, there are some very serious questions involved in the present conduct of the Federal Communications Commission in this case. Insofar as its star witness, Roberts, is concerned, we of southern Italian ancestry are very much alarmed over the fact that this defamer of Italian people can well cause a continuation of increasing reaction against the Federal Communications Commission for having supported in the past, and continuing to support as of now, the credibility of such a discredited witness.

Mr. Speaker, when the Federal Communications Commission issued its so-called Blue Book indicating its intent to control all that goes out over the air, Broadcasting Magazine wrote as follows:

The meddling of Government in the instruments which enlighten public opinion is contrary to the precepts of the Constitution and rebuts the fundamental thinking of our leaders from George Washington down to Harry Truman. There is more at stake than the ultimate pattern of American broadcasting—there is at stake the pattern of American life, and you can find that truth in the charred ruins of a chancellery in Berlin.

When an agency of our Government, Mr. Speaker, proceeds to use a witness who so ill-advisedly and stupidly attacks in such a scurrilous manner the Italian people, I believe that the Federal Communications Commission—and its discredited witness, Clete Roberts—should hurriedly make the apology that is long overdue before an outraged public opinion begins its attack on a national basis.

Mr. Speaker, as an American of Italian ancestry and having great pride in my forbears and supporting the remarks of my colleagues in every way, I say now that the conduct of the Federal Communications Commission in this particular case must be investigated at the quickest possible moment.

RENT-CONTROL BILL

Mr. SPENCE. Mr. Speaker, was there not an error made in the announcement of the vote on the adoption of the conference report on the rent-control bill?

The SPEAKER. One Member withdrew his vote and answered "present." As the vote now stands, it is 174 yeas and 145 nays, and two answering "present."
